## **Create a Harvest Art Composition – Embossed Relief Using Stencils**

Taught by Allison Sayers of re.invent.ed Custom Designs

### **Course Overview**

1. Apply base coat of Van Dyke Brown Glaze Effects with a foam brush. Let dry.
2. Sprinkle with water.
3. Apply Burnished Pearl Effects (PE) with a foam brush.
4. Crumple paper; blot and lift PE off surface. Let dry.
5. Position Artisan Enhancement Stencil over the surface. Using the shaping tool, spread the Wood Icing Textural Paste over the stencil approximately 1/16 of an inch. Let dry.
6. Lightly sand, remove dust.
7. Seal with gloss High Performance Topcoat using a foam brush.

### **Materials:**

- Wood cutout by re.invent.ed
- GF Pearl Effects - Burnished Pearl
- GF Glaze Effects - Van Dyke Brown
- GF High Performance Topcoat
